December 1, 2012

Re: Project Delay
   Cooperstown Phase 1 3-D

To whom it may concern,

Seitel Data, Ltd. regrets to inform each landowner that the Cooperstown Phase 1 3-D project has been postponed indefinitely effective December 1, 2012. This project has the possibility of going forward during the year of 2013; therefore, each affected landowner should keep the Cooperstown Phase 1 3-D seismic permit they received from Seitel Data, Ltd. in their personal files. If the project goes forward during the year 2013 each affected landowner will be notified.

We apologize for any inconvenience this delay may have caused you but due to the circumstances, we are unable to continue forward with this project at this time. We thank each and every landowner for their cooperation and patience during our permitting process.

Sincerely,

George Tate
Seitel Data, Ltd. Agent
