

How to “Plan Your Life” at Allegheny College

First Year: Explore

- 1. Get to know Career Services:** Meet with a Career Services Counselor to discuss your strengths, values, interests and opportunities.
- 2. Narrow down your interests/Explore options for your major:** Review the Academic Course Catalogue and the “What Can I do With This Major” page on the Career Services website to identify a major and minor combination that may interest you and fit with your future goals.
- 3. Start to build your resume:** Join student organizations that interest you, volunteer in the community and/or obtain a campus job. Use Career Services’ Professional Documents Guide to draft a resume and have it reviewed in Career Services.
- 4. Create a plan:** Identify your co-curricular goals for your college career and write them down!

Sophomore Year: Build

- 1. Develop professional relationships:** Declare a major/minor and choose a faculty advisor who will guide your academic development. Identify a mentor in your field of interest by joining GatorLocator, a networking database that keeps alumni and students connected.
- 2. Learn more about your interests:** Attend the Internship Search Program hosted by Career Services to learn how to find internships related to your interests. Job shadow a professional in your field of interest.
- 3. Search for opportunities:** Create a database account on the Career Services website to find internship and job opportunities.
- 4. Update your resume:** Have your resume reviewed in Career Services or at a Resume Doctor program.

Junior Year: Identify

- 1. Participate:** Attend on-campus recruiting events, job fairs, and Internship Search Programs to learn about companies and industries.
- 2. Prepare:** Begin researching graduate schools and register to take the appropriate entrance exams. Discuss plans with faculty mentors and Career Counselors. Update your resume and begin writing personal statements.
- 3. Expand your knowledge:** Study off-campus domestically or internationally; participate in Experiential Learning Travel Seminars, Volunteer with an ASB team, and more! Apply for experiential learning funds in ACCEL to assist you with internships and other opportunities that complement your studies!
- 4. Make connections:** Consider connecting your Senior Thesis proposal to your career goals.

Senior Year: Launch!

- 1. Be proactive:** Attend workshops hosted by Career Services during Gator Days and in January to learn more about the job search, interviewing, and negotiating salary/benefits.
- 2. Put yourself “out there”:** Network and interview with professionals in the industries, locations, and companies that interest you by attending job fairs and other events.
- 3. Organize:** Meet with a Career Counselor to discuss graduate school applications, personal statements, and update your resume.
- 4. Take the next steps:** Finalize post graduate plans. Submit your graduate school and job applications EARLY! Schedule a practice interview with Career Services to hone your presentation skills.
