Dear Plan Member,

Welcome to your new prescription benefit plan. Starting July 1, 2016, CVS/caremark will administer the prescription benefit portion of your health plan for Allegheny College.

What does this mean for you?

- Some medications you may taking could be considered “non-preferred” or will no longer be covered under your new plan
- You may pay the full price or have a higher copay* if you continue to use this medicine

Your next steps:

- Review the Medical Necessity List enclosed for a list of medications that are no longer covered without a prior approval
- Starting July 1, 2016, visit Caremark.com for more information about your plan coverage, drug costs and to learn more about medicine options that are available to you.
  - Look for the CVS/caremark Performance Drug List for a list of additional preferred alternatives; changing to a preferred drug alternative, where available, may help you avoid higher copayments.

Questions? Call your CVS/caremark Customer Care Team toll-free at 1-877-860-6415 or contact your doctor and ask whether changing to a preferred drug would be right for you.

Sincerely,

Your Customer Care Team
CVS/caremark

Enclosure

*Copayment, copay or coinsurance means the amount a plan member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.
