

MOVING?

Allegheny College has arrangements with two moving companies who will offer a discount on moving costs to newly hired Allegheny employees moving to Meadville or to Allegheny employees moving out of the Meadville area.

Below is contact information if you are interested in obtaining an estimate for your move. You can contact the regional office, who will take your information and put you in contact with an agent where you reside.

Please be sure to tell the moving company that you are a current or newly hired Allegheny employee to ensure that you receive a discount. These companies are not preferred movers for Allegheny College and in no way affiliated with the College, but they are provided as an additional resource for you to compare costs in planning your move to the Meadville area.
